

The Strength Behind the Beauty
Product Catalog 2017

About Us

In 1975 FinPan Inc, piloted concrete backer board into the building material industry. We have successfully grown our product portfolio which incorporates additional products that promote simple installation designs and customizations if desired for both the inside and outside of your home and businesses. Our goal is to consistently provide superior quality driven products and offer technical expertise to our customers and end-users.

- WaterArmor™
- Fiberglass Tape
- Sika Flex FC

Services

For three generations, this family run business has been instrumental in developing innovative products that transformed the tile installation industry. That mission continues today. Fin Pan Inc, offers “Fashion and Function” for contractors and homeowners looking for affordable lightweight installation products.

Backer Board

ProTEC™

Fin Pan provides mold and mildew resistant ceramic tile concrete backer board in a variety of sizes, making tile installations simple, easy and time saving.

ProTEC™

ProTEC™ is a superior underlayment for interior and exterior applications. ProTEC™ provides a stable, long-lasting foundation for ceramic tile and other facing materials used on floors, walls, ceilings, counter-tops and exteriors.

- Wrapped, tapered edge for easier fastening
- Moisture and mold resistant
- Qualify for LEED points
- 1/4", 1/2" and 5/8" thickness

Backer Board

ProPanel®

ProPanel®

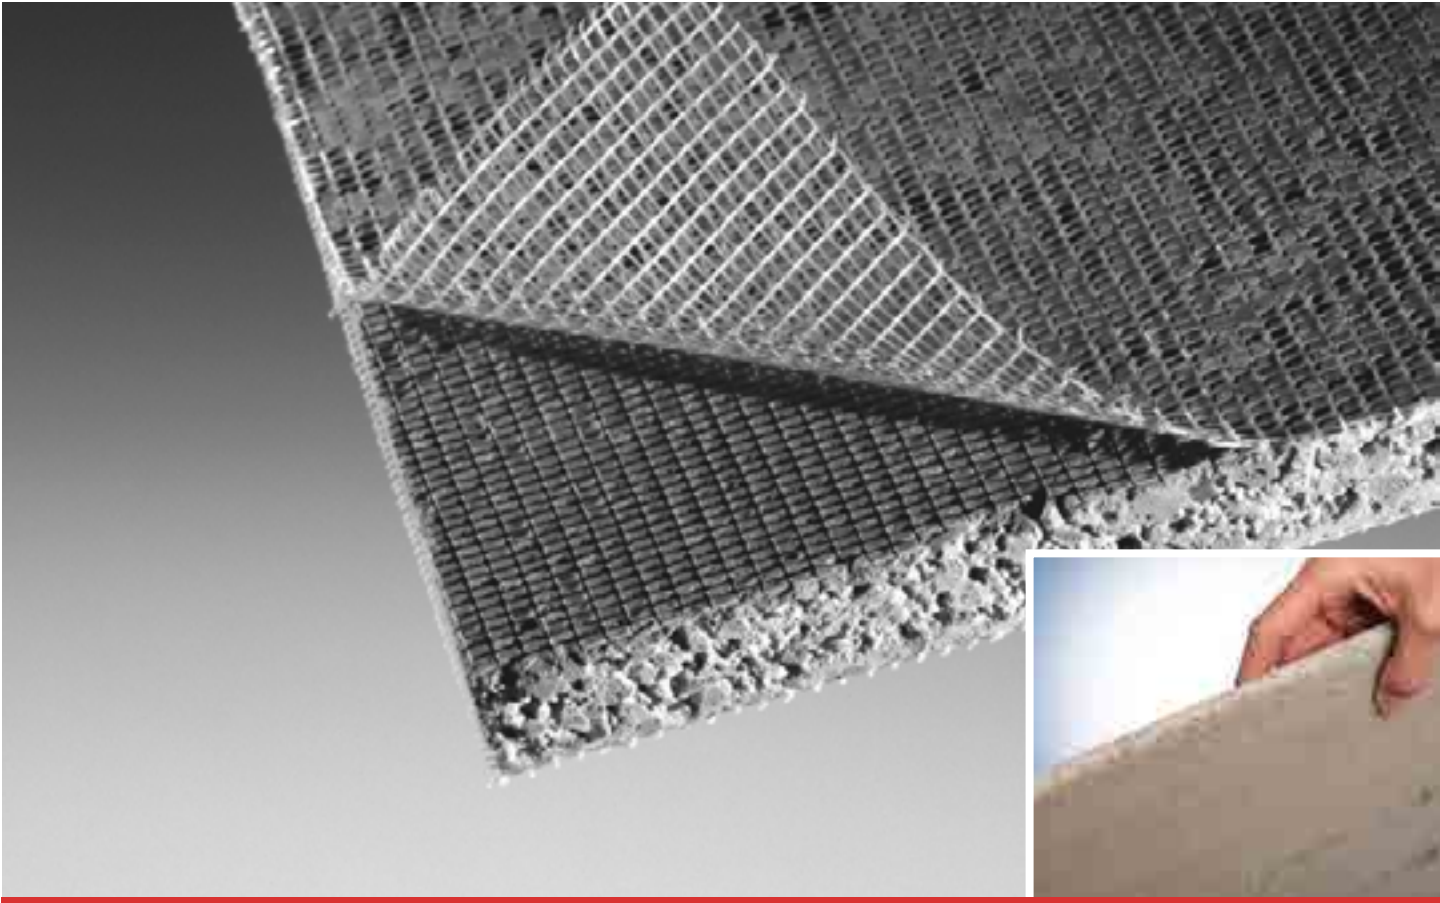

ProPanel® is a new generation of backer board that offers waterproof performance all in six pound board that is mold and mildew resistant. ProPanel® consists of high-density expanded polystyrene reinforced on both sides with fiberglass mesh and a polymer cement coating. It passes ANSI A 118.10 test for water proofness.

- Lightweight
- Waterproof
- Easy to lift and carry
- Easy to cut and install
- Available in 1/4" and 1/2" x 3'x5' boards

FP#	ProPanel® Backerboard	Size	MSRP
PRO2503660	ProPanel®	3'x5'x1/4"	EA \$36.32

Backer Board

TI-ProBoard®

1 **TI-ProBoard 8'**
TIPROBOARD8

• \$60.00

2 **TI-Edging 8' Strip**
TIPROEDGING

• \$22.10

3 **1 5/8" Panhead Screws**
(250/box)
TIPROSCREW

• \$40.50

TI-ProBoard® is a sustainable, durable and virtually maintenance-free underlayment for exterior deck porcelain tile installations. It is a composite panel that is unaffected by expansion, contraction or exterior weather conditions and acts as a structural replacement for a plywood substrate.

- No need for deck boards or plywood substrate
- Easy to install
- 12" wide panels
- Superior freeze/thaw performance
- Low expansion/contraction coefficient
- Commercial floor rating

ProPan and Accessories

ProPan® Shower Kits

ProPan® Shower Pans are made from high-density polystyrene with a liquid-applied waterproof coating that creates a UPC-required slope. ProPan® Shower Bases have the proper slope and drain assembly built-in. ProPan® allows contractors to modify pans on the job site. Our pans are UPC rated by IAPMO.

- Waterproof
- Durable – can be modified on job site
- Industry standard 1/4" per foot slope to drain
- Drain assembly built-in
- Installs in minutes
- Ready to tile
- Superior resistance to mold

Linear Drain

ProPan® Linear Drain

The ProPan® Linear Drain Shower Pan is designed to offer elegant designs to any home, hospitality or health care setting. Consisting of an ABS molded channel body and grate assembly, the linear drain is integrated into the polystyrene channel support and comes in two sizes, 12" x 36" and 12" x 60". Grates are available in 6 attractive designs including a tile-in drain assembly. The ProPan® Linear Drain Shower Pan is completed with the single integrated slope. The ProPan® Slope is available in two sizes, 36" x 60 ½" and 48" x 60". The ProPan® Slopes adhere to industry standards with a ¼" per foot slope and can be modified to a variety of sizes.

FP#	ProPan® Linear Drain	Size	MSRP
PRO1236LD	Linear Drain	12"x36"	EA \$699.95
PRO1260LD	Linear Drain	12"x60"	EA \$899.95

PreFormed®

PreFormed® Products

FinPan PreFormed® Shower Products are made from high-density polystyrene with a liquid-applied waterproof coating on the outer surface. All products include these features:

- Waterproof
- Durable and lightweight
- Curb and drain assembly built-in
- Install in minutes
- Ready to tile
- Superior resistance to mold

PreFormed® Shower Products

PreFormed® Shower Pans

PreFormed® Shower Pans are made from high-density polystyrene, ProTEC™ Concrete Backer Board, and a waterproof coating.
