The PreForm Shower Pan is composite of 2lb density EPS expanded polystyrene foam insulation, as a base material, and Util-A-Crete® Concrete Backer Board walls. The entire assembly is lined with fiberglass mesh and coated with WaterArmor waterproof membrane. A finish coat of latex-modified, cementitious coating is then applied. This MSDS will be treated as a four-part document covering: (A) the expanded polystyrene foam thermal insulation; (B) the concrete backer board; (C) the fiberglass mesh; and (D) the waterproof coating.

(A) DuraCore® EXPANDED POLYSTYRENE THERMAL INSULATION

   This document was prepared pursuant to the OSHA hazard communication standard (29 CFR 1910.1200). In addition, other substances not hazardous per this OSHA standard may be listed. Where proprietary ingredient shows, the identity may be made available as provided in this standard. This part of the document has been taken from MSDS information supplied to us from THE MANUFACTURER.

3. Physical and Chemical Properties:

   Boiling Point..........................Not Applicable  
   Melting Point..........................Softens at 175˚F to 220˚F  
   Percent Volatiles..................<4% (pentane and water)  
   Vapor Pressure.....................Not Applicable  
   Vapor Density......................Not Applicable  
   Evaporation Rate....................None  
   Solubility in water..............Insoluble  
   Specific Gravity/Density.........2.0 pcf to 3.0 pcf  
   Appearance.........................White Panels  
   Odor.................................Slight Hydrocarbon Odor  
   pH.....................................Not Applicable  
   Physical State.....................Solid
4. Fire and Explosion Hazard Data:

Flash Point ...........................................................610˚F Min.
Method Used .......................................................ASTM D 1929
Flammable Limits LFL .......................................Not Applicable
Flammable Limits UFL ......................................Not Applicable
Extinguishing Media ..........................................Water Fog, Carbon Dioxide, Dry Chemical, Foam

Hazardous Combustion Products: Not Applicable

Fire-fighting Instructions: Keep people away. Isolate fire area and deny unnecessary entry. If material is molten, do not apply direct water stream. Use fine water spray or foam. Soak thoroughly with water to cool and prevent re-ignition. Cool surroundings with water to localize fire zone.

Protective Fire-fighting Equipment: Use approved self-contained breathing apparatus and personal protective clothing (turn out gear)

5. Reactivity Data:

Stability: This is a stable material, avoid sources of ignition

Incompatibility with Other Materials: Reactive with oxidizing agents. Organic solvents, esters, amines and aldehydes will dissolve product. High temperature, poor ventilation with freshly expanded product may create hazardous, explosive or fire conditions.

Hazardous Decomposition Products: Does not normally decompose. Evolution of small amounts of hydrogen halides occurs when heated above 250°C. Under high heat, non-flaming conditions, small amounts of aromatic hydrocarbons such as styrene and ethylbenzene are generated. Hazardous decomposition products depend upon temperature, air supply and the presence of other materials. Hazardous decomposition products may include and are not limited to ethylbenzene, aromatic compounds, aldehydes, hydrogen bromide, hydrogen chloride, hydrogen fluoride, polymer fragments, and styrene.

Hazardous Polymerization: Will not occur
6. Health Hazard Data:
   Eye: Dust particles may cause eye irritation and/or injury.
   Skin Contact: None. May produce slight irritation is a few individuals.
   Ingestion: Biologically inert. May act as an obstruction if swallowed.
   Inhalation: Little or no smell. May cause dizziness in a few individuals.
   Systemic (Other Target Organ) Effects: None.
   Cancer Information: None.
   Teratology (Birth Defects): None.
   Reproductive Effects: None.

7. First Aid:
   Eyes: Flush eyes with water for 15 minutes. Seek medical attention if irritation persists.
   Skin: Wash with mild soap and running water. Remove and launder contaminated clothing before reuse. Seek medical attention if irritation persists.
   Ingestion: Ingestion of this material is unlikely. If it does occur, do not induce vomiting, seek medical attention.
   Inhalation: Move person to fresh air. Seek medical attention if irritation persists.
   Note to Physician:

8. Handling and Storage:
   Handling: Use protective equipment (gloves, safety glasses, etc.) when handling uncontained material. Avoid breathing dusts from this material.
   Storage: Store in a well ventilated area. Avoid direct exposure to very high heat, open flame or other source of ignition.

9. Accidental Release Measures: (See Section NUM for Regulatory Information)
   Protect People: Clear non-emergency personnel from area. Use appropriate safety equipment. For additional information, refer to Section 10, Exposure Controls/Personal Protection.
   Protect the Environment: Fire/water run off may be toxic.
   Cleanup: Pick up, or if dust or in small pieces, sweep up and place in suitable container for disposal. See Section 11, Disposal Considerations.
Fin-Pan Inc.
PREFORM SHOWER PANS
PREFORMED UNDERLAYMENT COMPONENTS
MATERIAL SAFETY DATA SHEET

10. Exposure Controls/Personal Protection:

Engineering Controls: Provide general and/or local exhaust ventilation to control airborne levels below the exposure guidelines.

Respiratory Protection: Atmospheric levels should be maintained below the exposure guideline. When respiratory protection is required for certain operations, including but not limited to saw, router, or hot wire cutting, use an approved air-purifying respirator. In dusty atmospheres, use an approved dust respirator.

Skin Protection: No precaution other than clean body-covering clothing should be needed.

Eye Protection: Use Safety Glasses. If there is a potential for exposure to particles, which could cause mechanical injury to the eye, wear chemical goggles.

11. Ecological Information:

Ecotoxicity: This product has not been tested. Based on information related to all raw materials in the finished product, it is not expected to harm the ecosystem through its applied use.

12. Disposal Considerations: (See Section NUM for Regulatory Information)

Disposal:

For unused & uncontaminated product,

For additional information, refer to Section NUM, Handling & Storage Information.

THE MANUFACTURER can provide names of information resources to help identify waste management companies and other facilities, which recycle, reprocess or manage PRODUCT TYPES. Call MANUFACTURER at PHONE for further details.

13. Transportation Information:

Department of Transportation (DOT): This product is not regulated by the D.O.T. when shipped domestically by land.

Canadian TDG Information: This product is not regulated by the T.D.G. when shipped domestically by land.
14. **Regulatory Information:** (Not meant to be all-inclusive - selected regulations represented)

**NOTICE:** The information contained herein is based on data considered to be accurate. Regulatory requirements are subject to change and may differ from one location to another; it is the buyer's responsibility to ensure that its activities comply with Federal, State/Provincial, and local laws. While the information is believed to be reliable, NO Warranty, expressed or implied, is given in regards to the accuracy of this data or the results to be obtained from the use thereof. Since the use of this information and the conditions and use of this product are controlled by the user, it is the user's obligation to determine the conditions of safe use of the product. The following specific information is made for the purpose of complying with numerous federal, state or provincial, and local laws and regulations. See other sections for health and safety information.

**U.S. Regulations**

**SARA 313 Information:** This product contains the following substances subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372:

<table>

(T) - Total (R) - Respirable (NE) - Not Established (P) - Proprietary

This document was prepared pursuant to the OSHA hazard communication standard (29 CFR 1910.1200). In addition, other substances not hazardous per this OSHA standard may be listed. Where proprietary ingredient shows, the identity may be made available as provided in this standard.

3. Physical and Chemical Properties:

Boiling Point .................... Not Applicable
Melting Point .................... Not Applicable
Percent Volatile ............... Not Applicable
Vapor Pressure ................. Not Applicable
Vapor Density ................. Not Applicable
Evaporation Rate .............. Not Applicable
Solubility in water ............ Insoluble
Specific Gravity/Density ...... Not Applicable
Appearance ....................... Hard Gray Board
Odor ................................ Slight Cement Odor
Physical State ................... Solid

4. Fire and Explosion Hazard Data:

Flash Point ...................... Not Applicable
Flammable Limits LFL .......... None
Flammable Limits UFL .......... None
Extinguishing Media .......... Water Spray, Dry Chemical, or Carbon Dioxide
4. Fire and Explosion Hazard Data (continued):

Hazardous Combustion Products: None known.

Fire-fighting Instructions: Use appropriate extinguishing media for surrounding fire.

Protective Fire-fighting Equipment: No special equipment is necessary.

5. Reactivity Data:

Stability: Thermally stable at typical use temperatures.

Incompatibility with Other Materials: Avoid contact with strong acids.

Hazardous Decomposition Products: Gases from strong acid degradation.

Hazardous Polymerization: Will not occur.

6. Health Hazard Data:

Eye: Due to alkali in the cement, contact with eyes will cause irritation and possible corrosion damage, burning and corneal edema. Particles will also cause mechanical irritation.

Skin Contact: Abrasion and skin irritation may occur due to alkali in the cement.

Ingestion: If ingested, caustic burns may occur in the mouth, esophagus or stomach. May be corrosive to the digestive tract.

Inhalation: Excessive exposure to dust may result in irritation of nose, throat and lungs.

Systemic (Other Target Organ) Effects: None known.

Cancer Information: Chronic exposure to dust containing silica (Quartz Crystobalite and Tridymite) can cause delayed lung injury (Silicosis) or cancer. Inhalation of Crystalline Silica may contribute to pre-existing pulmonary diseases, such as asthma and lung disorders associated with the smoking of tobacco.

Teratology (Birth Defects): None known.

Reproductive Effects: None known.

7. First Aid:

Eyes: Immediately flush eye, including under lids, thoroughly with water for 15 minutes to remove all particles. If irritation persists, consult physician.

Skin: Wash thoroughly with soap and water. If irritation remains, seek medical attention. If cement penetrates the clothing, promptly remove the clothing and wash skin. Wash clothing before wearing again.
7. First Aid (continued):

*Ingestion:* Seek medical attention immediately. The use of diluents is controversial and neutralization is contraindicated.

*Inhalation:* Remove to fresh air. Leave the area of dust exposure and remain away until coughing and other symptoms subside.

8. Handling and Storage:

*Handling:* Maintain good housekeeping.

*Storage:* Keep clean, dry and flat.

9. Accidental Release Measures:

*Containment Procedures:* Due to the physical nature of this product, spills are not possible.

*Evacuation Procedures:* None.

*Cleanup Procedures:* Normal clean up methods.

*Special Procedures:* None.

10. Exposure Controls/Personal Protection:

*Respiratory Protection:* If product is cut with a power saw, the saw must be equipped with a dust collector and wear a NIOSH/MSHA-approved respirator if the dust level in the work area is above the TLV or PEL. Provide general mechanical ventilation and local exhaust to meet TLV requirements. Hand score and snap to avoid creating excess dust.

*Skin Protection:* Wear gloves and work clothing or apron.

*Eye Protection:* Wear safety glasses or goggles with shields while cutting. Contact lenses should not be worn when working with Portland cement.

11. Toxicological Information:

*Mutagenicity:* None known.

12. Ecological Information:

*Movement & Partitioning:* No bioconcentration is expected.

*Degradation & Persistence:* No appreciable biodegradation or photodegradation is expected.

*Ecotoxicity:* When handled and disposed of properly, this product does not present an environmental threat.
13. Disposal Considerations:

*Disposal:* Dispose of waste in accordance with Federal, State and Local regulations.

*For unused & uncontaminated product,* pickup and reuse clean material.

14. Transportation Information:

*Department of Transportation (DOT):* This product is not regulated by the DOT when shipped domestically by land.

*Canadian TDG Information:* This product is not regulated by the TDG when shipped domestically by land.

15. Regulatory Information: (Not meant to be all-inclusive)

MATERIAL SAFETY DATA SHEET  

4. Fire and Explosion Hazard Data (continued):  

Fire-fighting Instructions: Material will not burn in the absence of an independent flame source.  

Protective Fire-fighting Equipment: Wear respirator or air mask for enclosed areas.  

5. Reactivity Data:  

Stability: This product is stable.  

Incompatibility with Other Materials: Strong oxidizing agents.  

Hazardous Decomposition Products: None.  

Hazardous Polymerization: Will not occur.  

6. Health Hazard Data:  

Overview: Multifilament yarn coated with vinyl of various colors. Coated yarn may be woven into various meshes and have an odor of new vinyl.  

Eye: No evidence of harmful effects anticipated from available information.  

Skin Contact: Fibers in core yarn may irritate skin.  

Ingestion: Consult physician.  

Inhalation: Short-term harmful health effects are not expected from vapor generated during normal use with adequate ventilation at ambient temperature.  

Systemic (Other Target Organ) Effects: No data available.  

Cancer Information: No data available.  

Teratology (Birth Defects): No data available.  

Reproductive Effects: No data available.  

7. First Aid:  

Eyes: Flush eye with plenty of flowing water (eye fountain).  

Skin: Frequent rinsing of skin surfaces with water to remove accumulated fibers will minimize irritation. If pain, allergy or reaction persists, get medical attention.  

Ingestion: No emergency care anticipated. Get medical attention if necessary.  

Inhalation: Remove to fresh air. Administer artificial respiration if necessary. Get medical aid as soon as possible.
8. Handling and Storage:
   Handling: Keep material clean and dry and away from heat.
   Storage: Store at an ambient temperature under normal atmospheric pressure.

9. Accidental Release Measures: (See Section 15 for Regulatory Information)
   Containment Procedures: Due to the physical nature of this product, spills are not possible.
   Evacuation Procedures: None.
   Cleanup Procedures: Normal clean up methods.
   Special Procedures: None.

10. Exposure Controls/Personal Protection:
    Engineering Controls: General (mechanical) room ventilation is expected to be satisfactory.
    Respiratory Protection: Generally not required.
    Skin Protection: Generally not required.
    Eye Protection: Generally not required.

11. Toxicological Information:
    Mutagenicity: Toxicological data is not available.

12. Ecological Information:
    Movement & Partitioning: No data available.
    Degradation & Persistence: No data available.
    Ecotoxicity: No data available.

13. Disposal Considerations: (See Section 15 for Regulatory Information)
    Disposal: If this product becomes a waste, it DOES NOT meet the criteria of a hazardous waste as defined under 40 CFR 261, in that it does not exhibit the characteristics of hazardous waste of Subpart C, nor is it listed as a hazardous waste under Subpart D. As non-hazardous waste it should be disposed of in accordance with local, state and federal regulations.
    For additional information, refer to Section 8, Handling & Storage Information.

14. Transportation Information:
    Department of Transportation (DOT): This product is not regulated by the DOT when shipped domestically by land.
15. **Regulatory Information:** (Not meant to be all-inclusive - selected regulations represented)

**NOTICE:** The information contained herein is based on data considered to be accurate. Regulatory requirements are subject to change and may differ from one location to another; it is the buyer’s responsibility to ensure that its activities comply with Federal, State/Provincial, and local laws.    Flammable Limits LFL............................................. No data available
   Flammable Limits UFL............................................. No data available
Extinguishing Media: Water fog, foam, carbon dioxide (CO2), dry chemical

Hazardous Combustion Products: No data available.

Fire-fighting Instructions: Suitable extinguishing methods include water fog, foam, carbon dioxide (CO2), and dry chemical.

Protective Fire-fighting Equipment: As in any fire, wear pressure demand self-contained breathing apparatus (NIOSH approved or equivalent) and full protective gear.

5. Reactivity Data:

Stability: Stable under recommended storage conditions.

Conditions To Avoid: No data available.

Materials to Avoid: Strong acids and strong bases.

Hazardous Decomposition Products: No data available.

Hazardous Polymerization: Will not occur under normal conditions.

6. Health Hazard Data:

Eye: Can cause slight irritation.

Skin Contact: Can cause slight irritation.

Ingestion: Can cause slight irritation.

Inhalation: Can cause slight irritation.

Systemic (Other Target Organ) Effects: No data available

Cancer Information: This product contains Crystalline (quartz) Silica, which has been listed as a human carcinogen by NTP (Group 1) and IARC (Human Carcinogen) and a Suspected Human Carcinogen by ACGIH (category A2). Repeated or prolonged over exposure to free respirable Crystalline (quartz) Silica can cause silicosis or other delayed and serious lung injury. No exposure to respirable Crystalline (quartz) Silica anticipated with recommended use of this product.

Teratology (Birth Defects): No data available.

Reproductive Effects: No data available.

7. First Aid:
Eyes: Flush eyes with water, lifting upper and lower lids occasionally for 15 minutes. Seek medical attention.

Skin: Remove contaminated clothing. Wash thoroughly with soap and water. If irritation persists seek medical attention. Wash contaminated clothing before reuse.

Ingestion: Do not induce vomiting without medical advice. If conscious, drink plenty of water. If a person feels unwell or symptoms of skin irritation appear, consult a physician. If a person vomits, place him/her in the recovery position. Never give anything by mouth to an unconscious person.

Inhalation: Remove victim from exposure. If there is difficulty with breathing, administer oxygen. If breathing has stopped, administer artificial respiration, preferably mouth-to-mouth. Seek immediate medical attention.

8. Handling and Storage:

Handling: Keep out of reach of children. For personal protection see section 10.

Storage: Keep tightly closed.

9. Accidental Release Measures: (See Section 15 for Regulatory Information)

Containment Procedures: Take action to eliminate source of leak; contain spill by diking.

Cleanup Procedures: Wear appropriate protective equipment (refer to section 10). Take action to eliminate source of leak; prevent from entry into open streams or sewers; contain spill by diking; vacuum up liquid or use absorbent media; remove to storage for disposal and rinse residual stain with water.

Special Procedures: None known.

10. Exposure Controls/Personal Protection:

Engineering Controls: Local exhaust ventilation can be necessary to control any air contaminants to within their TLV's during the use of this product.

Respiratory Protection: In case of insufficient ventilation wear suitable respiratory equipment. When workers are facing concentrations above the exposure limit they must use NIOSH approved respirators.

Skin Protection: Wear as appropriate: impervious clothing, preventive skin protection and/or impervious gloves.

Eye Protection: Wear as appropriate: safety glasses with side-shields, goggles and/or face shield.

Hygienic Practices: Avoid contact with skin, eyes and clothing. Ensure adequate ventilation, especially in confined areas. Wash hands before breaks and at the end

**Component**

- Silica, Crystalline Quartz | LD50 (Dermal) | No data available |

12. **Ecological Information:**

- **Movement & Partitioning:** No data available.
- **Degradation & Persistence:** No data available.
- **Ecotoxicity:** There is no data available for this product.

13. **Disposal Considerations:** (See Section 15 for Regulatory Information)
Disposal: Handle disposal of waste material in a manner, which complies with local, state, province and federal regulations.

For unused & uncontaminated product, use excess product in an alternate beneficial application.

For additional information, refer to Section 8, Handling & Storage Information.

Degussa Wall Systems can provide names of information resources to help identify waste management companies and other facilities, which recycle, reprocess or manage SEALGUARD. Call Degussa Wall Systems at (800) 424-9300 for further details.

14. Transportation Information:

Department of Transportation (DOT): Proper shipping name - Not regulated.

International Air Transport Association (IATA): Proper shipping name - Not regulated.

15. Regulatory Information: (Not meant to be all-inclusive - selected regulations represented)

NOTICE: The information contained herein is based on data considered to be accurate. Regulatory requirements are subject to change and may differ from one location to another; it is the buyer's responsibility to ensure that its activities comply with Federal, State/Provincial, and local laws. While the information is believed to be reliable, NO Warranty, expressed or implied, is given in regards to the accuracy of this data or the results to be obtained from the use thereof. Since the use of this information and the conditions and use of this product are controlled by the user, it is the user's obligation to determine the conditions of safe use of the product. The following specific information is made for the purpose of complying with numerous federal, state or provincial, and local laws and regulations. See other sections for health and safety information.

SARA 311/312 (RTK): This product has been reviewed according to the EPA “Hazard Categories” promulgated under Sections 311 and 312 of the Superfund Amendments and Reauthorization Act of 1986 (SARA Title III) and is considered, under applicable definitions to meet the following categories:

IMMEDIATE (ACUTE) HEALTH HAZARD

SARA 313: This product contains the following substances subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372:

<table>
